If PWA prepared your taxes last year and nothing in this section has changed from that time, you can leave everything in this section blank **EXCEPT the First Name (Line 5), contact phone number (new to this sheet this year) and ID info (line 13-16) which is required for everyone, every year.**

Many state revenue agencies are requesting ID information in an effort to combat stolen-identity tax fraud. Please provide the info in on lines 13-16. For line 13, most people should answer "Driver's License" or "DL" and "XX" where XX is the state of issue.

If you are filing a NY resident return, you must also enter the Document Number of your NYS Driver's License on line 17. It is an 8 or 10 digit number at the bottom of the NY license (or state ID) or on the back if issued after 1/28/14.

If PWA prepared your taxes last year and if your address did not change from last year and you did not temporarily reside anywhere else during the tax year, you can leave this section blank, except for "County". Please fill that in no matter what as it is a new question to help with state returns.

In all circumstances, **list the names of your dependents.** If PWA prepared your taxes last year and no dependent information has changed, you can skip DOB, SSN, and Relationship. Please fill in all other dependent info (months at home, childcare, edu expenses, disabled, and student questions).

If dependents were added in the last year, list all information for new dependents.

If you had dependents last year who are not dependents this year, please list the name and indicate "NO LONGER DEPENDENT" on the SSN line.

Notes:

1) For Months Lived At Home This Year, include all months prior to the birth of a baby and all months temporarily away at college.

2) What is "qualified childcare"? Generally, it's daycare, preschool, summer day camp (not sleep-away), or at home care (nanny, etc.) where the nanny is paid legally (FICA/FUTA contributions, W-2, etc.).

Please Continue To Part 2 on the Questionnaire Tab and answer ALL questions. Provide follow-up documentation where needed.

Indicate yes/no response with 'x' in the appropriate cell. Provide additional detail in the Comment field as required for each question.

Deductions				
<p>Please note that as of 2019, for Federal purposes, the standard deduction has increased substantially, the maximum amount of state/local tax that can be deducted is capped at \$10k (for both singles and married filing jointly), and deductions for all unreimbursed employee expenses (e.g. mileage, meals & entertainment, union dues, etc.) have been eliminated. This means many more people will claim the standard deduction than in prior years. If you know that you will not be able to itemize and that no itemized deductions could help your state taxes either, please indicate that in the first question below. This is not recommended. We'd much rather have all your tax documents and potential deductions and calculate it for you! The Federal standard deduction for 2022 is \$13,850 Single, \$20,800 Head of Household, and \$27,700 Married Filing Jointly</p>				
			Are you certain that you WILL NOT itemize deductions this year for both Federal and State tax purposes? If yes, check the Yes box and you can skip all other questions in this section.	
			Did you incur a loss because of property damaged or destroyed in a Federal declared disaster ? If yes, please list the disaster. We will contact you for more information.

See web reference Here: ->	Link

Only count taxes actually paid in this calendar year. For this reason, uploading tax bills does not help unless you include the date they were paid .	
			Did you make any charitable contributions ? If yes, please fill out the CharitableContributions tab in this worksheet. You must fill it out in full. Leaving boxes blank will just lead to an email asking for the missing information. Alternative formats are ok, but must provide a list of all cash contributions (org, date, amount) and non-cash contributions (org, org address, date, description, amount, how acquired, and what method you used to value the items) either way

If yes, please provide a mileage worksheet with the year/make/model of car, when it was first used for business, what the starting and ending mileage are for the year, and the total business miles driven. The following are tax preparer due diligence questions that must be answered by the taxpayer prior to filing for the Child Tax Credit. Indicate yes/no response with 'x' in the appropriate cell. Provide additional detail in the Comment field as required for each question.

Question	Yes	No	Comment
Can you provide documentation that shows that all of your children are your children, lived with you for more than half the year, and didn't provide more than half of their own support for the year (not asking you to provide it, just asking if you can provide it)?			
Did you ever claim the Child Tax Credit or Additional Child Tax Credit in a previous year only to have the IRS disallow your claim at a later date?			
Is there any other person who can claim your children as their dependent?			
Have you "released claim" for the Child Tax Credit or Additional Child Tax Credit to another person such as an ex-spouse?			
Are all children citizens of the US?
